We are inviting people who identify with personality disorder to design a creative programme they would like Personality Plus to deliver across the county such as:

Theatre workshops or production, networks, creative awareness raising, commissions, art workshops, art exhibitions, art studio development, music, dance etc.

You can do this in two ways:

- 1) Attend the creative event to develop and share your ideas with us and others attending.
- 2) Complete the IMAGINE light bulb ideas sheet and send it back to us.

The IMAGINE ideas will be exhibited at the creative event. People attending the event will also be invited to add IMAGINE ideas to the exhibition on the day. From this we will define one or more projects we can develop and deliver in the county.

Please contribute to this event by letting your imagination run wild in any medium you like on the Imagine Light Bulb page.
